

Project “DARE”

- DARE = Digital Academic Repositories
- Dutch implementation of Open Archive
- Participants:
 - All Dutch Universities
 - National Library (KB)
 - Academy of Arts and Sciences (KNAW)
 - National Scientific Research Board (NWO)
- Goal: to setup a network of repositories to store and disseminate scientific research material

DARE

- Budget: 2 million Euro
- Period: 2003 – 2006. After that the repositories are a structural activity of participants
- Universities are responsible for storage and access of digital data
- Support is available for scientists for archiving and publishing research material
