

**IPRES-2013 SCIENTIFIC PROGRAMME**

**TUESDAY, 3 SEPTEMBER**

**Opening | Room: "Grande Auditório"**

09:30	<b>Opening   Room: "Grande Auditório"</b>			
10:00	<b>Keynote: Gildas Illien Darling, we need to talk...   Room: "Grande Auditório"</b>			
11:00	<b>Break</b>			
11:30	<b>Web Archives (chair: Maureen Pennock)   Room: "Grande Auditório"</b>		<b>Object Preservation (chair: Cristina Ribeiro)   Room: VA4</b>	
	Studies on the scalability of web preservation <i>(full paper)</i>	Rory Blevis, Ismail Patel, Ashley Hunter and Robert Sharpe	Database Preservation Evaluation Report - SIARD vs. CHRONOS <i>(full paper)</i>	Andrew Lindley
	CLEAR: a credible method to evaluate website archivability <i>(full paper)</i>	Vangelis Banos, Yunhyong Kim, Seamus Ross and Yannis Manolopoulos	File-Based Preservation of the BBC's Videotape Archive	Thomas Heritage
	Interoperability of web archives and digital libraries: A Delphi study <i>(full paper)</i>	Hendrik Kalb, Paraskevi Lazaridou, Ed Pinsent and Matthias Trier	Large-Scale Curation and Presentation of CD-ROM Art	Dragan Espenschied, Klaus Rechart, Isgandar Valizada, Dirk Von Suchodoletz and Nick Russler
13:00	<b>Lunch</b>			
14:30	<b>Sharing Knowledge (chair: Cal Lee)   Room: "Grande Auditório"</b>		<b>Repositories (chair: Steve Knight)   Room: VA4</b>	
	Interoperability Objectives and Approaches: Results from the APARSEN NoE <i>(full paper)</i>	Barbara Bazzanella and Yannis Tzitzikas	Creating a Framework for Applying OAIS to Distributed Digital Preservation	Eld Zierau and Matt Schultz
	Open Preservation Data: Controlled vocabularies and ontologies for preservation ecosystems <i>(full paper)</i>	Hannes Kulovits, Michael Kraxner, Markus Plangg, Christoph Becker and Sean Bechhofer	Realizing the Archivematica vision: delivering a comprehensive and free OAIS implementation	Courtney Mumma and Peter Van Garderen
	Supporting practical preservation work and making it sustainable with SPRUCE	Paul Wheatley and Maureen Pennock	Measuring Perceptions of Trustworthiness: A Research Project	Devan Ray Donaldson
16:00	<b>Break</b>			
16:30	<b>Posters &amp; Demos - MINUTE MADNESS session   Room: "Grande Auditório"</b>			
17:00	<b>Reception   Room: Hall</b>			
19:00	<b>Posters &amp; Demos - visits and discussions</b>			

**WEDNESDAY, 4 SEPTEMBER**

09:00	<b>Keynote: Paul Bertone Digital information storage in DNA   Room: "Grande Auditório"</b>			
10:00	<b>Corporate World (chair: Harm Wijngaarden)   Room: "Grande Auditório"</b>		<b>In Cooperation (chair: Angela Dappert)   Room: VA4</b>	
	A Framework for Automated Verification in Software Escrow <i>(full paper)</i>	Elisabeth Weigl, Johannes Binder, Stephan Strodl, Barbara Kolany, Daniel Draws and Andreas Rauber	Benefits of geographical, organizational and collection factors in digital preservation cooperations: The experience of the Goportis consortium <i>(full paper)</i>	Michelle Lindlar, Yvonne Friese, Elisabeth Müller, Thomas Bähr and Anja von Trosdorf
	Leveraging DP in Commercial Contexts through ERM	Daniel Simon, José Barateiro and Daniel Burda	ENSURE: Long term digital preservation of Health Care, Clinical Trial and Financial data <i>(full paper)</i>	Jochen Rauch, Maite Braud, Orit Edelstein, Simona Rabinovici-Cohen, Kenneth Nagin, John Marberg, David Voets, Isaac Sanya, Mohamed Badawy, Essam Shehab, Frode Randers, Aad Droppert and Marcin Klecha
11:00	<b>Break</b>			
11:30	<b>Beyond Data (chair: Janet Delve)   Room: "Grande Auditório"</b>		<b>Panel (chair: Rene van Horik)   Room: VA4</b>	
	Digital Preservation of a Process and its Application to e-Science Experiments <i>(full paper)</i>	Stephan Strodl, Rudolf Mayer, Gonçalo Antunes, Daniel Draws and Andreas Rauber	Building blocks for a common vision on digital preservation (promoted by the APARSEN Project)	
	Framework for Verification of Preserved and Redeployed Processes	Tomasz Miksa, Stefan Pröll, Rudolf Mayer, Stephan Strodl, Ricardo Vieira, José Barateiro and Andreas Rauber		
Cloudy Emulation – Efficient and Scaleable Emulation-based Services	Isgandar Valizada, Klaus Rechart, Konrad Meier, Dennis Wehrle, Dirk Von Suchodoletz and Leander Sabel			
13:00	<b>Lunch</b>			
14:30	<b>Data Preservation (chair: José Barateiro)   Room: "Grande Auditório"</b>		<b>National Strategies (chair: William Kilbride)   Room: VA4</b>	
	Sustainable Data Preservation using datorium – facilitating the Scientific Ideal of Data Sharing in the Social Sciences	Monika Linne	The process of building a national trusted digital repository: a user centric approach for requirements gathering and policy development	Aileen O'Carroll and Sharon Webb
	Modelling Data Value in Digital Preservation	Giuseppa Caruso, Luigi Briguglio, Brian Matthews, Calogera Tona and Mirko Albani	Archives New Zealand Migration from Fedora Commons to the Rosetta Digital Preservation System	Jan Hutar
			Destination: Shared Repository: The National Library of France's Journey to Third-Party Archiving	Louise Fauduet and Sébastien Peyrard
16:00	<b>Break</b>			
16:30	<b>Assessment (chair: Elsa Cardoso)   Room: "Grande Auditório"</b>		<b>Technology (chair: Artur Caetano)   Room: VA4</b>	
	A Risk Analysis of File Formats for Preservation Planning <i>(full paper)</i>	Roman Graf and Sergiu Gordea	An Analysis of Contemporary JPEG2000 Codecs for Image Format Migration	William Palmer, Peter May and Peter Cliff
	On the Assessment of Preservability: Method and Application <i>(full paper)</i>	Diogo Proença, Gonçalo Antunes and Tomasz Miksa	Managing and Transforming Digital Forensics Metadata for Digital Collections	Kam Woods, Alexandra Chassanoff and Christopher A. Lee
18:00			Permanent digital data storage: A materials approach	Barry Lunt, Robert Davis, Douglas Hansen, John Dredge, Hao Wang and Matthew Linford

**Banquet**

**THURSDAY, 5 SEPTEMBER**

09:00	<b>Keynote: Carlos Morais Pires Data   Room: "Grande Auditório"</b>			
	<b>Infrastructures in Horizon2020: support to data and computing intensive science</b>			
10:00	<b>Governance (chair: Kresimir Duretec)   Room: "Grande Auditório"</b>		<b>Digitized Collections (chair: Neil Grindley)   Room: VA4</b>	
	Automatic Preservation Watch using Information Extraction on the Web <i>(full paper)</i>	Luis Faria, Alan Akbik, Barbara Sierman, Marcel Ras, Miguel Ferreira and José Carlos Ramalho	Analysis of the variability in digitised images compared to the distortion introduced by compression <i>(full paper)</i>	Sean Martin and Malcolm Macleod
	Preservation Policy Levels in SCAPE	Barbara Sierman, Catherine Jones, Sean Bechhofer and Gry Elstrøm	An attempt at modeling differentiated storage for digitized collections: finding the balance between storage, costs and preservation of digitized publications	Trudie Stoutjesdijk
11:00	<b>Break</b>			
11:30	<b>Curation (chair: Eva Méndez)   Room: "Grande Auditório"</b>		<b>Panel (chair: Mário Silva)   Room: VA4</b>	
	Preservation Aspects of a Curation-Oriented Thematic Aggregator	Dimitris Gavrilis, Stavros Angelis, Christos Papatheodorou, Costis Dallas and Panos Constantopoulos	Web Archiving: Lessons and Potential	
Towards Concise Preservation by Managed Forgetting: Research Issues and Case Study	Nattiya Kanhabua, Claudia Niederée, and Wolf Siberski			
12:30	<b>Conference closing   Room: "Grande Auditório"</b>			
13:00	<b>Lunch</b>			
14:30	<b>Workshops start</b>
